

Anyone other than an employed telemarketer would be crazy to want to have this Telephone Consumer Protect Act overturned! I've been signed up with it for a few months now. It's made a big difference on the amount of calls I've been receiving around the dinner hour and late night after I've been at work for 10 to 12 hours. These bothersome phone calls have greatly decreased! I still receive a few of these telemarketer calls during the week and have to stop them from calling by saying I'm on the list! If this Act is overturned you would be releasing these annoying phone callers back to the hard working home owners at the MOST in-opportune hours of the day and night! Please do not over turn this act! Thank You
